- Manufactured from durable ABS Plastic
- Screen Printed Glass
- Spare Glass available
- Snap-fit design

Diameter (mm)	120
Depth (mm)	33
Unit of Sale	1
Spare Glass Reference	SG1

Installation Instructions

1. Lift lug at base of unit to release the back by turning the front anti-clockwise
2. Offer unit up to the wall and mark on the wall the position of the screw holes
3. Using suitable drill bit and screws, fix back of unit to the wall ensuring that the key hook is at the top
4. Hang the key on the hook
5. Carefully place the glass in the front ensuring that the writing on the plastic front is above the writing on the glass, and that the glass is facing the right way
6. Gently push the front and the glass on to the base with the front slightly anti-clockwise
7. With the front in this position turn the front clockwise until the lug drops down into the base
