WHAT'S YOUR REACTION?

Now available in vibrant colors! For a limited time only.

Get fast relief with a unique, elastomeric web that actually pulls pain away from your knee.

The REACTION WEB™ is a responsive, webbed approach to knee pain that gives you a distinct alternative to the basic knee sleeve. Developed by a world-renown orthopedic surgeon, Dr. William Nordt, REACTION WEB™ can help decrease knee pain and increase function to get you back to your active lifestyle.

Indications: helps absorb shock and relieve knee pain caused by Chondromalacia, Patellar Tendonitis and Tendonosis, general Patellofemoral tracking issues, and mild OA.

Ordering Information: when ordering please choose the 'brace number + color'. Example: 11-0215-2-09000 would be a XS/S Reaction Knee Brace in Pink.

Unique and Different

- **NEW!** REACTION WEB in Vibrant Colors – Available for a limited time.
- **NEW!** Better Fit and Comfort – The new back pad and sleeve fit and conform better to the knee for a softer more breathable feel.
- Progressive Pain Relief – The elastomeric web design helps to reduce pain by dispersing energy across the knee. The web acts like a spring to absorb shock and shifts the peak loads away from the painful area of the knee.

PDAC-assigned code of L1810.

Measurements listed below are the circumference taken around the thigh, 6" above mid-patella.
