

BIG WIPES[®]

POWER SPRAY

TECHNICAL DATA SHEET

DESCRIPTION

Industrial strength, fast-acting specialist cleaning spray that Cleans, Disinfects and Protects. It contains the same grime-busting formula as used in all the industrial Pro Plus Big Wipes.

Big Wipes ProPlus Formula

The unique biodegradable, water-based formulation of exceptional power cleansers ensures the fast removal of paint, adhesives, oil, sealants, silicones, PU foam and general grime. Designed to meet tough EU Regulation 1223/2009 for Cosmetic Products, the Big Wipes Power Spray wipes contain 4x skin conditioners - Aloe Vera, Lanolin, Vitamin E and Glycerine – all helping to nourish and protect the skin.

USAGE

Use without water for heavy duty cleaning of surfaces, tools and hands. Ideal for cleaning or pre-treating larger areas such as walls, floors or window frames before wiping clean. Also perfect for 're-charging' any of the ProPlus Big Wipes. Ideal for tradespeople on the move. For best results, clean spills immediately. Dispose of content/container in accordance with local regulations.

FEATURES

BENEFITS

Exceptional combination of Power Cleansers

Remove paint, adhesives, silicone, epoxy, PU foam, oil, grease and more from hands, tools and surfaces. Save money and time by fixing accidents immediately and effectively.

4x Skin Conditioners

Aloe Vera: A natural healing plant, it soothes, moisturises and hydrates the skin.
Glycerine: Mild, softening and moisturising, it allows for the absorption of the other conditioners.
Lanolin: Highly emollient, it forms a protective film on the skin and moisturises dry, rough skin.
Vitamin E: Anti-oxidant, helps maintain cell structure by protecting and repairing cell membranes.

Biodegradable, low VOC, water-based formula. Free from SLS, MIT, parabens, phosphates & other toxic ingredients

Zero levels of irritation recorded during controlled testing by dermatologists. Assessed to the latest EU Regulation 1223/2009 for Cosmetic Products. The user is protected from the exposure to toxic substances and fumes.
The environment also benefits from the reduction of chemicals dumped daily into water systems and polluting the air.
