

ADVANCED LIFE SUPPORT (ALS) LEVEL 3 (VTQ)

INTRODUCTION TO ADVANCED LIFE SUPPORT LEVEL 3 (VTQ)

POWERED BY PROTRAININGS

Advanced Life Support (ALS) represents the most advanced level of life-saving care and cardiopulmonary resuscitation (CPR) that we offer. Our ALS course is fully aligned with the latest UK Resuscitation Council guidelines and goes beyond the standard curriculum by incorporating additional critical topics. This ensures participants receive an exceptionally thorough and well-rounded training experience.

All our courses, including this one, have received independent certification confirming their alignment with universally accepted Continuous Professional Development (CPD) guidelines. Upon completion, participants receive a Certified CPD Statement, a ProTrainings Certificate, and for online courses, an Evidence-Based Learning statement.

QUALIFICATION DELIVERY

Online Video E-Learning: Contains pre-recorded video neatly collated into a presentable online course that includes a save and return feature, stop and start button, English subtitles and some additional features.

Our online Advanced Life Support Level 3 (VTQ) course is taught over **6 hours and 40 minutes** and will include theoretical assessments if you complete the online option and may include practical and theoretical assessments if this is completed in a classroom.

CERTIFICATION

Upon successful completion of the course, all participants will receive an officially verifiable wall certificate. This digital certificate can be conveniently accessed and downloaded at the course's conclusion. It serves as tangible evidence of your achievement, reflecting your dedication and knowledge acquired throughout the course. Display it with pride to showcase your newfound expertise to peers and potential employers, as a testament to your commitment to continuous learning and personal growth.

LEARNER ACCESS

ProTrainings offer highly sophisticated and supportive services to successful learners who complete online, classroom and blended training. Our online system offers the learner a uniquely designed portal where there is access to a free student manual, CPD credit statement, evidence-based learning document, optional weekly refresher videos and an area for downloadable content with a cohort of supporting evidence relevant to the qualification the learner completes.

ProTrainings after service adds clarity to teaching, promotes continuous learning and encourages learners to revisit and revise subjects they have been taught.
