

Basic Life Support (BLS) for Dentists (VTQ)

QUALIFICATION SPECIFICATION

QUALIFICATION NUMBER: PRO/78/BLSD

This Qualification is Endorsed by an Awarding Organisation Regulated by Ofqual

Endorsed, CPD Certified and ISO Standards

All ProTrainings classroom and online qualifications are endorsed through an Awarding Organisation Regulated by Ofqual, through the Skills for Care Scheme with the highest level of recognition and are approved through the CPD Standards services for CPD certification.

ProTrainings: Additional quality at an affordable price.

This is the highest standard of recognised endorsement and only organisations who have a proven history of continued success in making a difference in the training industry can be awarded the Centre of Excellence endorsement. ProTrainings proudly announce that we have received this endorsement for continuous professional training delivery.

As a recognised Skills for Care provider who is already endorsed for delivering training through digital e-learning, classroom and blended formats, this enhanced Centre of Excellence endorsement will take our credibility and quality of training to an advanced state of recognition. But what does this new Centre of Excellence endorsement mean?

The Centre of Excellence status means that we have been able to consistently demonstrate exemplary commitment to meeting the needs of learners in the adult social care sector. This meant we needed to comply with the social model of care and be able to measure the impact of provision on the lives of people who use these services.

We embarked on this provision to prove how consistent ProTrainings services are, to test whether we are meeting a high standard, to evolve, adapt and improve our provision and to place ourselves amongst a small selection of companies who are a Skills for Care Centre of Excellence.

Gaining this accolade has resulted in receiving a designation as a 'Centre of Excellence in Adult Social Care and Learning and Development' and we do not plan on stopping our standards here. We will continue to offer the finest services so that lives are rewarded through the training and services we provide.

Introduction

Welcome to **ProTrainings Europe Limited**.

ProTrainings EU is a certifying organisation recognised for providing training and qualifications in England, UK and across the globe.

ProTrainings EU offer qualifications designed in-house and qualifications which are regulated by Ofqual through TQUK and FutureQuals. Our qualifications are carefully designed to meet industry standards and regulatory requirements giving every learner or user confidence that training meets HSE, Ofqual, UK & EU Resuscitation Council, Skills for Health, Ofsted and Skills for Care training standards.

Our unique approach to training delivery is designed to accommodate learning styles in all their forms, including online, classroom and blended formats. Our variety of delivery methods have been a preferred choice for many learners who require training through general interest and as part of their profession. Our training has been comprehensively designed to meet standards that fall within the boundaries of qualifications overseen by awarding organisations.

ProTrainings high standards include a robust training approach that meets strict specifications, quality assurance requirements and qualification standards. As a result of implementing a comprehensive quality assurance process, ProTrainings online and classroom courses have been CPD certified, endorsed through The Skills for Care Scheme (ProTrainings being the first organisation gaining approval for classroom and online training in the United Kingdom) and we have surpassed an external audit by being approved for ISO45001 : 2018 and ISO9001 : 2015 for maintaining high organisational standards.

Our qualifications are designed to support and encourage learners to develop their knowledge and skills. This development may result in progression into employment or career development in the workplace. Our qualifications also allow learners to progress onto further qualifications.

For more information please visit www.ProTrainings.uk for news, updates and information on a variety of qualifications spanning into the Health & Safety industry, First Aid world, Pet First Aid environment and Health & Social Care sector.

Qualifications Specifications

ProTrainings EU offer policies and guidelines for centres, organisations and individuals through this specification. Information in this specification will include the course curriculum, learning outcomes, units and general guidelines on how the course is delivered.

We aim to support our centres by providing guidance in this specification for a better understanding on how our courses are delivered and processed.

Our specifications document can be accessed on our website at www.ProTrainings.uk along with other specifications for respective qualifications listed under each sub-heading.

For more information please use our online chat service or contact our office on 01206 805 359. Alternatively, please email our support department at support@protrainings.uk or compliance department at compliance@protrainings.uk.

Introduction to Basic Life Support for Dentists

This course covers medical emergencies, basic life support skills and includes skills for adults, children and infants for dentists and people working in dental practices. The course includes safety, precautions, initial assessment, recovery position, CPR, compression-only CPR, CPR handover, choking. Basic oxygen use included in the online course and optional in classroom course where available. This course complies with the latest ERC and UK Resuscitation Council Guidelines. Included in this course are the skills of Epilepsy, Asthma, Anaphylactic reactions and dental emergencies.

This course is available in a classroom, online or blended options. We have a national network of instructors who can come to your workplace to deliver the training and to work within your time schedules. Contact us for more details.

This course comes with a Certified CPD statement in line with the General Dental Council guidelines and the UK Resuscitation Council standards for clinical practice and training for dental practitioners and dental care professionals in general dental practice.

All our first aid courses fully meet the UK and European Resuscitation Council Guidelines 2015 as per the HSE requirements.

Qualification Delivery

Guided Learning Hours (GLH): These hours are made up of real-time contact time, guidance or supervision of a learner by an instructor, supervisor, tutor or trainer.

GLH for this qualification is 4

Total Qualification Time (TQT): This is an estimate of the total length of time it is expected that a learner will typically take to achieve and demonstrate the level of attainment necessary for the award of the qualification i.e. to achieve all learning outcomes.

TQT for this qualification is 6

Our Basic Life Support for Dentists course is taught over half a day and will include practical and theoretical assessments.

Entry Requirements

There are no specific entry requirements however, learners should have a minimum of Level 2 in literacy, numeracy or equivalent. This qualification is suitable for learners aged 14 years and above.

Progression

Successful learners can progress to other qualifications such as:

- CPR / BLS and AED Level 2
- Appointed Person in the Workplace
- Emergency First Aid at Work Level 3 (VTQ)
- First Aid at Work Level 3 (VTQ)
- BTEC Level 4 Certificate for First Person on Scene (RQF) – FPOS

Requirements to teach Basic Life Support (BLS) for Dentists

Approval to deliver this course is sanctioned by ProTrainings Europe Limited only.

Instructors must hold the relevant qualifications, experience and occupational competence to qualify for approval. A detailed portfolio providing descriptive dates, CPD log and meeting/passing IQA reviews is required for approval.

Supporting evidence which clearly outlines where instructors qualify to teach this course must be emailed to our compliance manager at compliance@protrainings.uk.

Certification

This qualification is overseen by our compliance department and all courses undergo a robust internal quality assurance review prior to certification.

A desktop-review and site visit will form part of our evaluation.

Paperwork should be marked and assessed by the approved instructor/centre and uploaded to our online management suite following successful completion of the course. Courses should be passed within 5 working days after the course has been taught.

Learner Access

ProTrainings offer highly sophisticated and supportive services to successful learners who complete online, classroom and blended training. Our online system offers the learner a uniquely designed portal where there is access to a free student manual, CPD credit statement, evidence-based learning document, optional weekly refresher videos and an area for downloadable content with a cohort of supporting evidence relevant to the qualification the learner completes.

ProTrainings after service adds clarity to teaching, promotes continuous learning and encourages learners to revisit and revise subjects they have been taught.

Complaints - Scope of Complaints Procedure: The procedure deals with complaints arising from:

- Delivery (or lack of delivery) of services for education and training including teaching, course content, tutoring, assessment, feedback on progress and learner support during learning programmes
- Incorrect or misleading information about services provided by the Centre
- Delivery (or lack of delivery) of support services provided by the Centre including administration of fees, enrolment processes, Centre accommodation, health and safety and learner resource services
- Unacceptable actions or behaviour by Centre staff and/or other learners in the Centre

How to complain

Complaints should initially be made in writing to the Head of Centre or to your designated tutor. This can be completed using your student login for www.ProTrainings.uk

Support can be made available for all those involved in a complaint including:

- Representation: parent, guardian, friend or supporter
- Help with completing the written complaint
- Induction will provide further details regarding this process.

Basic Life Support for Dentists - PRO/78/BLSD

- Adult CPR Introduction
- Heart Attack
- Adult CPR
- CPR for Dentists
- CPR Handover
- Compression-Only CPR
- AED Introduction
- AED's and Dental Practices
- Child CPR
- Infant CPR

Choking Training

- Adult Choking
- Child Choking
- Infant Choking

Other Medical Conditions

- Epilepsy
- Asthma
- Anaphylactic Reactions
- Diabetes

Special Dental Requirements

- Oxygen Kits
- Portable Suction units
- Bag Valve Mask BVM
- Required Medications

Summary

Learning Outcomes - PRO/78/BLSD

These learning outcomes are mapped to meet a Basic Life Support for Dentists qualification. Each learning outcome presents a knowledge, skill or assessment to help students understand the curriculum in finer detail.

Learning Outcomes (LO) The learner will:	LO
UNIT – 1	
Understand the role and responsibilities of a first aider, including legislation.	LO1
Identify the role and responsibilities of a first aider - Health and Safety at work Act, Health and Safety (First Aid) Regulations, Management of health and Safety at work regulations and Social Security Administration Act	1.1
Describe how to minimise the risk of infection to self and others	1.2
Identify the need for establishing consent to provide first aid	1.3
Understand how to complete Accident/incident reports including RIDDOR	1.4
Identify the first aid equipment that should be available in a workplace	1.5
Describe the safe use of first aid equipment	1.6
Be able to assess an incident	LO2
Conduct a scene survey	2.1
Conduct a primary survey of a casualty	2.2
Give examples of when to call for help	2.3
Be able to manage an unresponsive casualty who is breathing normally	LO3
Assess a casualty's level of consciousness	3.1
Open a casualty's airway and check breathing	3.2
Explain why it is important to place an unconscious casualty into the recovery position	3.3
Place an unresponsive casualty in the recovery position	3.4
Be able to recognise and manage Heart attacks and use of an AED	LO4
Understand the chain of survival	4.1
Recognise the approaches of call First and Call Fast	4.2
Demonstrate understanding of the heart, signs and symptoms of a heart attack, treatment of a heart attack and use of an AED	4.3
Be able to manage an unresponsive adult casualty who is not breathing normally, child CPR and infant CPR	LO5
Recognise the need to commence Cardio Pulmonary Resuscitation	5.1
Demonstrate Cardio Pulmonary Resuscitation using a manikin	5.2

Recognise the approach of call fast approach for drowning	5.3
Demonstrate CPR on a child	5.4
Demonstrate CPR on an infant	5.5
Be able to recognise and assist a casualty who is choking	LO6
Describe how to identify a casualty with a: Partially blocked airway / Completely blocked airway	6.1
Administer first aid to an Adult casualty who is choking	6.2
Administer first aid to a Child casualty who is choking	6.3
Administer first aid to an infant who is choking	6.4
Be able to recognise different types of medical conditions	LO7
Learn how to comfort a casualty suffering from an Epileptic seizure	7.1
Describe how to deal with a casualty who has Asthma	7.2
Understand how to approach a casualty who has an anaphylactic reaction	7.3
Identify the correct procedure to deal with a casualty who has Diabetes	7.4
Special Dental Requirements	LO8
Understand how oxygen works	8.1
Identify the contents in an oxygen kit	8.2
Learn how to use portable suction units	8.3
Recognise when medication is advised	8.4
Demonstrate how to apply a Bag Vale Mask BVM to a casualty	8.5
