Endorsed, CPD Certified and ISO Standards

All ProTrainings classroom and online qualifications are endorsed through an Awarding Organisation Regulated by Ofqual, through the Skills for Care Scheme with the highest level of recognition and are approved through the CPD Standards services for CPD certification.

ProTrainings: Additional quality at an affordable price.

This is the highest standard of recognised endorsement and only organisations who have a proven history of continued success in making a difference in the training industry can be awarded the Centre of Excellence endorsement. ProTrainings proudly announce that we have received this endorsement for continuous professional training delivery.

As a recognised Skills for Care provider who is already endorsed for delivering training through digital e-learning, classroom and blended formats, this enhanced Centre of Excellence endorsement will take our credibility and quality of training to an advanced state of recognition. But what does this new Centre of Excellence endorsement mean?

The Centre of Excellence status means that we have been able to consistently demonstrate exemplary commitment to meeting the needs of learners in the adult social care sector. This meant we needed to comply with the social model of care and be able to measure the impact of provision on the lives of people who use these services.

We embarked on this provision to prove how consistent ProTrainings services are, to test whether we are meeting a high standard, to evolve, adapt and improve our provision and to place ourselves amongst a small selection of companies who are a Skills for Care Centre of Excellence.

Gaining this accolade has resulted in receiving a designation as a 'Centre of Excellence in Adult Social Care and Learning and Development' and we do not plan on stopping our standards here. We will continue to offer the finest services so that lives are rewarded through the training and services we provide.
