

Adept™ Air

NFT® 18 Gauge Glove

Product Datasheet

OUR REF: Adept™ Air

PRODUCT DESCRIPTION

Nylon and Lycra blend **18 gauge**, extremely lightweight liner provides unrivalled comfort with a second skin sensation. Patented **NFT®** coating, specially developed for when precision handling is required, produces unrivalled grip in dry, wet and oily conditions. NFT® provides **class leading abrasion resistance** to ensure this glove is extremely durable and cost effective. Certified to **Oeko-Tex® standard 100** for environmentally friendly textiles. Enhanced breathability working in conjunction with the **Sanitized®** hygiene function provides prolonged freshness, protection and outstanding wearer comfort over heavily extended uses.

TYPICAL APPLICATIONS

Detailed assembly, inspection, light fabrication and small parts handling especially oily items.

AVAILABLE SIZES: 7/S • 8/M • 9/L • 10/XL

PACKAGING: Per Pack: 10 pairs
Per Box: 120 pairs

Technical Details

Tested in accordance with EN 388, EC type examination carried out by:

SATRA Quality Assurance Ltd, SATRA Technology Centre, Wyndham Way, Telford Way, Kettering, Northamptonshire, NN16 8SD, United Kingdom (Notified Body No. 0321)

The results are taken from the palm area of the gloves and the uncoated surface may have reduced performance levels.

▶ **NFT®** is a unique, proprietary technology which provides unrivalled grip with micro capillaries drawing oil and water away from the surface of the glove. Rigorously engineered to give outstanding dexterity for precision handling applications.

▶ **The Oeko-Tex® Association** has evaluated and certified this product as skin safe from the second it comes into contact with the skin.

▶ **The Sanitized® hygiene function** brings increased freshness, comfort and protection.

- **Sanitized®:** These gloves incorporate a Biocidal product. The Biocidal treatment protects against a broad spectrum of Bacteria and Fungi. The active Biocidal substance - Zinc Pyrithione - promotes freshness and inhibits odours.
- **Storage:** Gloves should be stored in a cool, dry environment in the original packaging and out of direct sunlight.
- **Maintenance:** Both new and old gloves should be thoroughly inspected before use to ensure no damage is present. Gloves should not be left in a contaminated condition if reuse is intended - if contaminated, gloves should be cleaned as far as possible
