

According to Regulation (EU) No 453/2010

Issue Date: 23rd November 2016

Version Number: 3

SECTION 1: Identification of the substance/mixture and company/undertaking

- 1.1 Product Identifier Product Name Clinell Patient Wipes
- **1.2 Relevant identified uses of the substance or mixture and uses advised against** Identified Use Cleaning wipes for skin
- 1.3 Details of the supplier of the safety data sheet Supplier GAMA Healthcare Ltd 2 Regal Way Watford Hertfordshire

WD24 4YJ Email: info@gamahealthcare.com

#### 1.4 Emergency telephone number

Tel: +44 (0) 207 9930 035

#### **SECTION 2: Hazards identification**

#### 2.1 Classification of the substance or mixture

Regulation (EC) No 1223/2009 on Cosmetic Products Stop using this product if you develop redness or itching. Keep away from eyes. If material accidently enter the eye, rinse well with plenty of water.

#### 2.2 Label Elements Contains Limonene, Hexyl cinnamal and Linalool

#### 2.3 Other hazards

#### **SECTION 3: Composition/information on ingredients**

#### 3.2 Mixtures

Declarable components	Conc. (%)	EC No.	CAS No.	Classification according to EC No 1272/2008
Propylene glycol	≤1	610-038-5	57-55-6 / 4254-14-2	Eye irrit 2
Phenoxyethanol	≤1	204-589-7	122-99-6	Acute tox. 4 Eye irrit 2

Water < 95%

Although individual ingredients may be classified as hazardous, the levels contained in this mixture are not considered to be hazardous

Version Number: 3

### SAFETY DATA SHEET Clinell Patient Wipes

According to Regulation (EU) No 453/2010

Issue Date: 23rd November 2016

#### **SECTION 4: First aid measures**

#### 4.1 Description of first aid measures

#### Inhalation

Acute effects following exposure to this product via the inhalation route are not anticipated during normal handling and use.

#### Skin

This product is designed for the body. No adverse effects are anticipated during normal handling and use. If irritation occurs discontinue use, seek medical advice.

#### Eye

Avoid contact with eyes. Should the product come into contact with eyes, rinse well immediately. If irritation occurs, stop using and consult a doctor when necessary.

#### Ingestion

This product is for external use only. No adverse effects are anticipated from this formulation via the oral route during normal use of the product. If swallowed, drink plenty of water and contact a doctor.

- **4.2 Most important symptoms and effects, both acute and delayed** May cause eye irritation
- **4.3** Indication of any immediate medical attention and special treatment needed Treat symptoms as they occur.

#### **SECTION 5: Firefighting measures**

#### 5.1 Extinguishing media

Water spray, carbon dioxide, dry chemical and foam are compatible with the product. Remove containers from fire or cool them with water.

**5.2** Special hazards arising from the substance of mixture This product is water based, therefore not flammable or explosive.

#### 5.3 Advice for firefighters

Fire fighters should wear an approved self-contained breathing apparatus and full protective clothing.

#### **SECTION 6: Accidental release measures**

6.1 **Personal precautions, protective equipment and emergency procedures** None anticipated or expected to be required.

### 6.2 Environmental precautions

None anticipated or expected to be required.

# SAFETY DATA SHEET

Clinell Patient Wipes According to Regulation (EU) No 453/2010

Issue Date: 23<sup>rd</sup> November 2016

Version Number: 3

**6.3 Methods and material for containment and cleaning up** None anticipated or expected to be required.

#### 6.4 Reference to other sections

For disposal considerations see Section 13.

#### **SECTION 7: Handling and storage**

- **7.1 Precautions for safe handling** None anticipated or expected to be required.
- **7.2** Conditions for safe storage, including any incompatibilities Store in a cool, dry, well-ventilated place, away from direct sunlight. Do not allow to freeze. Keep container closed when not in use.
- 7.3 Specific end use See packaging

#### **SECTION 8: Exposure controls/personal protection**

#### 8.1 Control Parameters

EU occupational exposure limit values – none applicable

#### 8.2 Exposure controls

Engineering controls None anticipated or expected to be required.

Personal protective equipment This product is intended for skin use, rinse after use. Prevent eye contact

Environmental exposure controls Dispose to general waste.

#### **SECTION 9: Physical and chemical properties**

#### 9.1 Information on basic physical and chemical properties

### SAFETY DATA SHEET Clinell Patient Wipes

According to Regulation (EU) No 453/2010

Issue Date: 23rd November 2016

Initial boiling point/range	ca. 100°C			
Flash point	Not expected for water based product			
Evaporation rate	No data available			
Flammability (solid, gas)	Not expected for water based product			
Flammability or explosive limits Not expected for water based product				
Vapour pressure	24 mmHg (25°C) (water)			
Relative density	No data available			
Solubility	Liquid is water soluble			
Partition coef	No data available			
Auto-ignition temperature No data available				
Decomposition temperature No data available				
Viscosity	No data available			
Explosive properties	Not expected for water based product			
Oxidising properties	Not expected for water based product			
Other information	Not available			

### **SECTION 10: Stability and reactivity**

### 10.1 Reactivity

9.2

Stable under recommended storage conditions

#### **10.2 Chemical stability**

The product is considered stable under normal ambient storage and handling conditions of temperature and pressure. Follow recommended storage conditions detailed on the product.

**10.3 Possibility of hazardous reactions** No hazardous reactions anticipated.

#### **10.4 Conditions to avoid** Avoid excessive heat and light

**10.5 Incompatible materials** None known

According to Regulation (EU) No 453/2010

Issue Date: 23rd November 2016

Version Number: 3

#### **10.6 Hazardous decomposition products** None known

#### **SECTION 11: Toxicological information**

#### 11.1 Information of toxicological effects

This preparation has not been tested for its toxicological effects. Based on the safety assessment required for cosmetic products, the toxicological effects are indicated below:

Acute toxicity Not likely to be acutely toxic.

Skin corrosion/ irritancy Not expected to cause skin irritation following prolonged or repeated use.

Serious eye damage/ irritation May cause sild eye irritation.

Sensitisation No ingredient has been identified as having sensitising properties.

Repeated dose toxicity No information available regarding repeat dose toxicity

Carcinogeicity No information available

Mutagenicity No information available

Toxicity for reproduction No information available

Carcinogenicity None of the ingredients have exhibited confirmed carcinogenic characteristics in the evaluation of their toxicity to date.

Mutagenicity None of the ingredients have exhibited confirmed mutagenic characteristics in the evaluation of their toxicity to date.

Reproductive toxicity No information available regarding toxicity to reproduction.

According to Regulation (EU) No 453/2010

Issue Date: 23rd November 2016

Version Number: 3

#### **SECTION 12: Ecological information**

Ecotoxicological data has not been determined specifically for this product.

- 12.1 Toxicity This formulation is not expected to be toxic to the aquatic environment.
- 12.2 Persistence and degradability No information available
- 12.3 Bioaccumulative potential No information available
- 12.4 Mobility soil No information available
- 12.5 Results of PBT and vPVP assessment No information available
- 12.6 Other adverse effects No information available

#### **SECTION 13: Disposal considerations**

#### 13.1 Waste treatment methods

Waste disposal is regulated in the EC member countries through corresponding laws and regulations. In the UK we recommend that you consult the List of Wastes available from the Environment Agency. In other countries, contact either the authorities or approved waste disposal companies for advice on disposal of used waste.

This formulation is water soluble, and can be disposed of in general waste. SECTION 14: Transport Information

Not classified for transport.

#### **SECTION 15: Regulatory information**

- **15.1 Safety, health and environmental regulations/legislation specific for the mixture** This product is classified according the to Regulation (EC) No 1223/2009 on cosmetic products.
- **15.2 Chemical safety assessment** Not available

### **SECTION 16: Other Information**

#### Revisions

Currently in the third revision to conform to new regulations.

According to Regulation (EU) No 453/2010

Version Number: 3

#### Basis of classification

The mixture is self-classified on the basis of available information on the ingredients

This safety data sheet was compiled using the ECHA Guidance on compilation of Safety Data Sheets, Version 1.1, December 2011.
