

EXCEPTIONAL DURABILITY, BREATHABILITY AND FINGERTIP SENSITIVITY

The Showa 381 is designed to protect workers who switch between general handling and intricate assembly tasks. It contains a durable, lightweight microporous nitrile coating that delivers excellent levels of grip in dry and light oily conditions. The microfibre yarn liner quickly absorbs perspiration and moisture.

FEATURES

- › Constructed using a revolutionary Showa-engineered microfibre liner
- › Embossed nitrile palm finish disperses oil to increase grip and longevity in light oily environments
- › Microporous nitrile coating allows warm air and moisture from inside to escape
- › The 0.84mm finger thickness provides an excellent level of tactility and sensitivity
- › Microfibre yarn absorbs perspiration and moisture from the skin, resulting in drier and cooler hands
- › Exceptional suppleness, comfort and fit
- › A flexible glove designed for easy movement and extended wear
- › Protects from oils, grease and abrasion (8000 cycles)

Embossed Microporous Nitrile Palm Finish

Capillary Action

The soft, microfibre liner absorbs perspiration in a way that's comparable to capillary action.

Moisture inside the glove flows into narrow spaces without the assistance of, and in opposition to external forces like gravity and evacuation. This is naturally triggered by heat emitted by the hand, causing natural vaporisation.

SUITABLE FOR

Typical Industries

- Aerospace
- Automotive
- Construction
- Engineering
- Logistics
- Maintenance
- Manufacturing

Applications

- Assembly of Dry and Oily Parts
- General Handling
- Handling of Intricate Components
- Light Fabrication
- Mounting and Dismounting of Parts
- Tool Setting

CERTIFICATION

See overleaf for explanation

381

PRODUCT INFORMATION

MATERIALS	LINER:	Polyester and Spandex Microfibre
	COATING:	Microporous Foamed Nitrile
COLOUR	Black / Grey	
LENGTH (mm)	220-260 (size dependent)	
CUFF STYLE	Elasticated, knit wrist	

ORDERING DETAILS

SIZE	CODE	PACKAGING
6/S	SHO3811	10 pairs per bag 120 pairs per case
7/M	SHO3812	
8/L	SHO3813	
9/XL	SHO3814	

RECOMMENDATIONS FOR USE

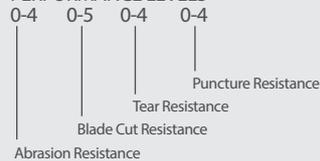

- Do not use in case of chemical, electrical, thermal or entanglement risks
- The performance levels apply to the coated surface only
- Wash at 40°C max
- Store in a dry place, away from the light
- Performance level as per EN388 not guaranteed after washing
- Both new and used gloves should be thoroughly inspected (especially after cleaning), before being worn to ensure no damage is present

ABOUT GLOBUS

World leader in protecting hands, Globus serves organisations with bespoke hand protection solutions built from a professional range of high performance protective gloves.

Globus is proud to offer bespoke solutions that deliver robust commercial benefits not just safety improvements. We have an enviable track record in helping to reduce hand accident rates whilst delivering improved comfort and productivity as well as waste and cost reductions.

Globus applies its expertise across a spectrum of industries, meeting and exceeding a diverse range of hand protection requirements; from the rigorous demands of the petrochemical and construction industries to the complexities of clean room and aerospace manufacturing.

Find out why leading companies rely on a solution from Globus to help implement a comprehensive hand protection policy. Contact us today.
