Construction & Durability

- Supplied fully assembled
- All units are constructed with Laminate faced MDF with durable 2mm edging.
- Frames are produced from automotive grade steel with an epoxy powder coated finish for ease of ease of cleaning.
- All panels are produced from FSC certified materials
- Panels are fitted together using strong `Rafix` fasteners
- Cabinets doors utilize 180° opening hinges for ease of access
- Cabinets are fitted with easy to use locks that are supplied with two keys (Non-DCL version)

Clinical Benefits

- All models are easy to use
- All models are mobile with push/pull handles
- All models feature Ø100mm heavy duty braked castors

Hygiene Standards / Infection Control

- All models are designed to be easily cleaned with a damp cloth, as well as durable in use
- All models feature functional handles on the doors that are satin finished and styled for easy cleaning and ease of use

Ease of Use

- Hinged doors and drawers are simple and intuitive to use
- Hazardous areas are labelled / highlighted for safety
