NB: Optional warning light transformer box adds 55mm to overall height.
5V DE external warning light shows green when closed, red when open and flashes red when left open for 2.5 minutes. Buzzer only available with warning light. See catalogue for full specification.

Optional warning light and buzzer alarm

Medicine Cabinets

Construction & Durability

- Supplied fully assembled
- Independently tested to latest British and European performance standards by accredited Third-Party (FIRA – Furniture Industry Research Association) to conform to or exceed all appropriate standards and legislation
- BS 2881: 1989 Security level 1 compliant
- Featuring high security 8 lever lock with anti-pick levers & deadlock mechanism designed to EN 1300 and Vds 2396
- Lock has protective key escutcheon to reduce to possibility of damage through use
- Doors feature internal retaining flange for additional security
- 2 Years warranty

Clinical Benefits

- Units can be positioned and secured within ward environments or where need to provide authorized access to required drugs
- Interior fittings are adjustable to ensure they can accommodate drug containers of differing sizes

Hygiene Standards / Infection Control

- Fully welded steel construction carcass and door assembly coated in a durable and hygienic epoxy powder paint finish
- Soiling and liquid spillages can be easily cleaned without affecting the bonded surface coating

Aesthetics

- Steel construction features folded safe edges and rounded corners to improve comfort of use
- Units produced in a 'clinical' white finish to match interior fittings such as radiators, switches and sockets - helping when identify soiling for infection control

Ease of Use

- Single door cabinets hinge to right hand side but can be specified to hinge to left hand side as option.
- Available in single or double door options for increased volume requirements.
- Available in various widths and heights to suit user requirements

Additional

- Supplied with 3 keys per lock – with additional keys available
- Supplied with fixing holes within carcass to allow secure placement on site
- Optional warning light and buzzer system, indicating open units
- Units feature adjustable steel shelves and door trays
- **Produced and supplied by a True UK Manufacturer and available within 5 working days from acknowledgement of order**

Controlled Drug Cabinets

- As per Medicine Cabinets features and benefits
- Meets the 'Misuse of Drugs' – Safe Custody Regulation 1973

Medicine Cabinets with Controlled Drug Inner Cabinets

- As per Medicine Cabinets features and benefits
- Meets the 'Misuse of Drugs' – Safe Custody Regulation 1973
