Pallet Quantity: 50,000 Aprons per Pallet

Dimensions

Dimension A (Apron Length): 1100mm

Dimension B (Apron Width): 700mm

Dimension C (Tie Length): 460mm

Dimension D (Neck Hole Height): 160mm

Dimension E (Neck Hole Width): 220mm

Tolerance for all the above measurements is +/- 20mm

The diagram below shows how the apron will be displayed when opened out from the centre folded sheet.

Therefore, die cut tooling will be used with this folded in half to perform the press cut for the hole in a semicircle and the aperture for the tie tapes in one cut.
