NBB Outdoor Shelters

Welcome To The Latest NBB Shelters Catalogue

As we move towards the final stages of the government's roadmap out of lockdown, it has never been more crucial to ensure your premises' outdoor spaces are fit for use as we adjust to life in the 'New Normal'.

Why? It remains highly likely that **social distancing practises will continue** for the foreseeable future. Introducing covered break and waiting shelters outside to make better use of your available space is a **great way to stay compliant with government regulations**, whilst creating comfortable and attractive areas for your staff and returning visitors to enjoy – just in time for summer.

Our latest catalogue includes a **comprehensive range of outdoor shelter solutions** to meet your every need and increase your COVID-Capacity. From multi-purpose Smoking Shelters and Canopies (see pages 4-12) to Cycle Storage Shelters and Racks (see pages 16-21), and freestanding Waiting Shelters (see page 22) to larger Entrance Shelters (see pages 25-27). If you can't find what you require, fear not! Many of our shelters have a modular design and can be adapted to suit your needs, but **if you need something custom-made, we have the capabilities to manufacture your bespoke shelter to your exact requirements.**

Furthermore, you will also find a range of wipe-clean recycled plastic furniture inside (see pages 28-32). NBB recycled plastic is the perfect choice when considering outdoor furniture, as the material looks like timber but can last outside all year round without the need for annual maintenance. All our furniture is offered at competitive prices and comes with our **market-leading 25-year warranty!** It is extremely hard wearing, **guaranteed never to split, chip, crack, or rot**, and the non-porous properties make it easy to clean between uses. Not only does our recycled plastic furniture look great, but it has also **helped many of our customers achieve their environmental goals.**

P.S. Don't forget, we offer **free delivery on all orders over £250** with a UK mainland address*, **30-day instant credit** to established businesses and educational establishments, and **market leading warranties** on all shelters and recycled furniture items!

NBB Outdoor Shelters are now proud members of the 'Made in Britain' organisation

Made in Britain are a growing British manufacturing community, united with the use of the registered collective mark. This mark can only be used by members of Made in Britain, who have to meet strict criteria to guarantee the products on offer are manufactured to the very highest standard here in Britain.

WE ARE HERE TO HELP...

FREE No Obligation Estimate
If you require installation for any of our shelters, or if you require something a little different, simply email our sales team today.
They will discuss your requirements and answer any questions. You will be provided with a free, no obligation estimate, usually within a couple of days of receiving your information.

WHY CHOOSE NBB SHELTERS

Huge Range
We offer hundreds of shelter products to suit any need, location or budget

FREE Delivery
On all orders over £250 (UK Mainland)*

Installation Service
Our shelters can be installed by our team of experts at a time which is convenient for you

Custom Shelters
Here at NBB, we can design, manufacture and install bespoke shelters tailored to you

UK Manufactured
With 27 years experience we manufacture our products in the UK

Quality & Price Promise
If you're not 100% satisfied with your purchase, return to us in a saleable condition, within 30 days for a full no quibble refund (T&C's apply).

Maintenance
The material for all of our products is covered by 'no maintenance required' warranties varying between 5, 10 and 15 years.

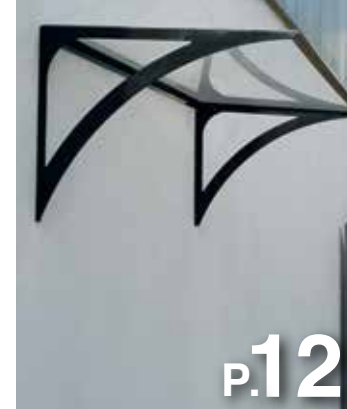

Market Leading Guarantees
Following the manufacturers guidelines, these products should give you 25 years of service.

6 Metre Gates	£1,710	£1,330

In spring 2020 the Government announced that huge investments will be made into transforming the UK's use of transport. Among the key measures in the plans is the creation of thousands of miles of new protected bike lanes, which will bring in a "new golden age for cycling". Since the outbreak of the COVID-19 pandemic, more people have been turning to cycling as a means of commuting to and from work, and with the future plans in place this pattern will continue. Installing cycle storage in your premises doesn't have to be costly, contact our friendly sales team on 0800 1777 052, or email Sales@NoButts.co.uk for further information.

LUTTON BUDGET CYCLE SHELTER

Contemporary design – great for keeping cycles safe and secure

FEATURES & BENEFITS

- Modern design cycle shelters with space to store either six or ten bikes
- Versatile shelters can be supplied with or without racks
- Lowest priced cycle shelter for the perfect cost saving option

SPECIFICATIONS

- Zinc coated and powder coated in grey
- Roof/back panel is manufactured from clear 2mm polycarbonate. The transparent properties deter theft and/or vandalism
- Shelters are supplied with roof/back panel only, end panels are not supplied with this shelter
- Designed to be used with Sheffield Toast Racks (sold separately see price grid)

OPTIONAL EXTRAS

- Add perch seat for use as a waiting or smoking shelter (see page 7)
- Shelters are supplied surface mountable as standard, optional extended feet can be purchased for sub-surfacing

INSTALLATION

Our shelters are easy to install and come supplied with full assembly drawings. Alternatively, we have teams of experienced installers who can carry out the works for you. Contact our friendly sales team for a price on 0800 1777 052.

CORSCOMBE CYCLE SHELTER

Multipurpose shelter with corrugated metal back/roof, and option to personalise with own branding

FEATURES & BENEFITS

- New design shelter perfect for storing cycles or for use as a bin store
- The galvanised corrugated metal back panel hides the view from overlooking buildings
- Open front allows for easy access, whilst the freestanding design makes it possible to place the shelter in a chosen location

SPECIFICATIONS

- Corrugated galvanised steel covers the roof and back sections
- Optional side panels are made from clear polycarbonate and UV stabilised, it will not turn yellow or brittle in sunlight
- Designed to be used with Sheffield Toast Racks for up to ten bikes, or comfortably fit large wheelie bins

OPTIONAL EXTRAS

- Galvanised cycle racks sold separately, shelter can accommodate up to ten cycles (supplied as two and three stand racks)

- Optional vinyl signs can be added to the shelter for own branding or simply to identify the purpose of the structure (contact our sales team for further details)
- Side panels supplied separately (see price grid)

CUSTOM OPTIONS

Available in one standard size. Alternatively, call for a price on a custom size option. Due to our modular design system, we can customise any shelter, walkway or canopy. Please contact our friendly sales team for an estimate.

INSTALLATION

These shelters are easy to install and supplied with general assembly drawings. Alternatively, we have teams of experienced installers who can carry out the works for you. Contact our friendly sales team for a price on 0800 1777 052.

BIN STORES

Aesthetically pleasing and durable bin storage solution. Maintenance free for many years!

FEATURES & BENEFITS

- Secure freestanding structure designed to house wheelie bins or recycling units. Available to purchase in three different sizes
- Manufactured from 100% recycled plastic cladding and galvanised steel, this durable structure will last for many years without the need for annual maintenance
- Creates an aesthetically pleasing bin storage area, whilst also deterring vandals. Added signage makes it practical for distinguishing recycling purposes

SPECIFICATIONS

- Steelwork is galvanised as standard to protect against corrosion
- Lockable half open gates make it possible to securely lock away bins, whilst providing easy access for the disposal of waste
- Roofing is manufactured from galvanised corrugated metal
- 100% recycled plastic cladding will never rot, crack, splinter or corrode. Supplied in a choice of brown or grey
- Suits commercial bins of up to 1100 litre capacity (H1210 x L1410 x D1110mm)

OPTIONAL EXTRAS

- Signs are available to distinguish recycling purposes, see price grid below
- Option to powder coat frame in a RAL colour, contact our sales team for a price

CUSTOM OPTIONS

Available in a choice of standard sizes. Alternatively, call for a price on a custom size option. Due to our modular design system, we can customise any shelter, walkway or canopy. Please contact our friendly sales team for an estimate

INSTALLATION

These shelters are easy to install and come supplied with general assembly drawings. Alternatively, we have teams of experienced installers who can carry out the works for you, contact our friendly sales team for a price on 0800 1777 052.

JEWELL ACADEMY, BOURNEMOUTH

Project: Bespoke Wall Attached Winterbourne Shelter

Jewell Academy approached NBB Outdoor Shelters to provide an outside cover for a play area. Our team attended the school to discuss their requirements and expectations, and at this stage, it was decided a Wall Attached Winterbourne Shelter was the most suitable option. The finished project is a 13400mm wall attached walkway; Jewell Academy opted to have the shelter powder coated blue RAL5002 to match their school colour. Entrance Shelters and Walkways are ideal for covering outside space; they are multi-purpose, therefore whatever your requirement these shelters can be adapted to suit your needs.

During the current pandemic, many businesses and educational establishments have had to look for better ways to utilise their outdoor areas to remain COVID-compliant in line with government advice. Installing a shelter is the perfect cost-saving and hassle-free option to creating cover outside. View our range of Winterbourne Shelters, ideal for any premises looking to minimise the number of people entering a building at any given time.

BOURNEMOUTH UNIVERSITY, BOURNEMOUTH

Project: Bespoke Lansdowne Cycle Compound

Bournemouth University required a cycle compound for their new campus being built 2020-21. This structure would keep students and staff bikes secure; it needed to include additional security features such as lighting and key card entry. Following their brief, we designed a structure that met their requirements and installed the shelter during the construction schedule.

Our cycle compounds are designed to store many bikes; they can also be adapted depending on your requirements. Furthermore, should you wish to use for another purpose, cycle racks can be substituted for outdoor machinery/ equipment or motorcycle storage.

Installing outdoor heaters around your premises is the ideal solution for increasing your business's 'COVID Capacity', allowing you to create external dining or seating areas which are warm and comfortable all year round. Not only that, but our infrared outdoor heaters are designed to provide a permanent heating solution that will heat the furniture, walls, and floor without wasting energy heating the air. The comfortable warmth is similar to the sun's heat transfer, without harmful effects such as UV; infrared is completely safe.

More Outdoor Heater Varieties Available Online

HERSCHEL HAVANA UNDER TABLE INFRARED HEATER

Lightweight, highly portable patio or conservatory heater, ideal for positioning underneath an outdoor table to take the chill off legs on colder evenings

NEW

FEATURES & BENEFITS

- Freestanding, compact heater that produces an orange glow, provides instant localised warmth to those nearby
- Best used in addition to wall-mounted or overhead outdoor heaters
- Can be used as a temporary heater for sitting close in a conservatory/garden room or on caravanning trips with access to an electric supply
- Easy to operate, simply plug in and switch on
