NBB Outdoors

Outdoor Product Solutions For Every Build

If you require shelters manufactured from top quality materials and with **market-leading guarantees**, look no further than NBB Outdoors. You can purchase on a supply-only basis or take advantage of a **full 'turn-key' supply and installation service** in adherence with all site rules, and relevant on-site certification.

With nationwide restrictions now removed, businesses and educational establishments the nation over are adjusting to optimise their outdoor areas whilst **research continues to validate that meeting outdoors reduces the risk of transmission**. Our **comprehensive range of outdoor product solutions** can help you to utilise your unused space and unlock your premises' 'hidden' potential.

Inside our latest catalogue you will find our most popular ranges available, with something **for every application and budget**. See our modular Domed and Apex roof shelters on pages 12, 13, 32 and 33. Available in a range of configurations these NEW additions to the range can be **delivered to your location within two weeks of order!** You will also find our classic Sheffield Toast Racks on page 28. Available at **market-leading prices** they are a fantastic cost-effective cycle storage solution.

Can't find what you're looking for? Our expert team can help. From design to installation, we are on hand with advice on styles, configurations and finishes to ensure your shelter/furniture is perfectly tailored to your exact requirements.

What's more, we offer initial **quotations on custom projects absolutely free of charge with no obligation attached**. Contact us today; email sales@nobutts.co.uk or call **freephone 0800 1777 052**.

P.S. Don't forget, we offer **free delivery on all orders** over £250 with a UK mainland address* and **30-day instant credit** to established businesses and educational establishments

Request A Free Quotation

1. Take A Photo

Simply take a photo of the area you would like to put a shelter. Try to provide a few shots from different angles - the more we know about the area, the more detailed we can be!

2. Send A Photo

Send your photos, area measurements and requirements to Sales@NoButts.co.uk. We'll take a look at this and get in touch if we need more information from you.

3. Free Quotation

We will raise a free no obligation quotation usually within a couple of days after receiving your information. Inside your quotation pack you will find useful information such as case studies, and links to free downloadable guides.

Our Process

Enquiry - Step 1

Request a free no obligation quotation. Simply email Sales@NoButts.co.uk with your requirements and we'll be in touch if we need more information. If you require installation, it helps if you can send an image and area measurements of where it will be situated. Alternatively, call our friendly team on freephone 0800 1777 052.

Design - Step 4

We will visit your site and our expert design team will finalise the specifications of your shelter, and add it to the production schedule. Don't forget if you need technical specifications or general arrangement drawings, we can supply these too.

Quotation - Step 2

We will raise your free no obligation quotation based on your requirements, usually within a couple of working days after receiving the request. Within your quotation pack will also be useful information such as case studies, links to free downloadable guides and your quotation!

Manufacture - Step 5

All of our bespoke shelters are manufactured in the UK and we're proud to be an ISO 9001 accredited company. We use the latest technology, and our team of qualified engineers check each structure for stability and durability.

Order - Step 3

We will contact you shortly after sending out your quotation pack to ensure you are happy and field any questions you might have. If you'd like to proceed, you can place your order:

- By Freephone - 0800 1777 052
- By Email - Sales@NoButts.co.uk
- By Freepost - NBB LTD

Installation - Step 6

When your shelter is manufactured, we will contact you to confirm a convenient installation date. We work closely with you to ensure minimum disruption to your normal working day and keep your staff, visitors and pupils safe.

One of our bespoke shelter installations at St Stephen's Infant School, a Freestanding Winterbourne Walkway Shelter to offer an extended learning environment outside of the classroom.

The finished project takes the form of a 22m x 3.48m steel tube shelter with guttering, galvanised and powder coated to complement the school colours. This surface treatment means the structure will be guaranteed to last 25 years, serving the school for many years to come.

Can't find what you're looking for? Our bespoke shelter service will allow you to utilise your unused space and unleash your premises' 'hidden' potential!

In July 2021, the Department for Transport announced additional funding of £30m towards upgrades to the National Cycle Network. This significant investment comes as part of a commitment to make it easier for the British public to choose active forms of travel. Included in the plans are infrastructure improvement projects to bring in a new 'golden age for cycling'. You can help to encourage more people visiting your premises to choose alternatives to public transport by providing safe and secure cycle storage on site.

CORSCOMBE CYCLE SHELTER

Multipurpose shelter with corrugated metal back/roof, and option to personalise with own branding

FEATURES & BENEFITS

- Multipurpose shelter perfect for storing cycles or for use as a bin store
- The galvanised corrugated metal back panel hides the view from overlooking buildings
- Open front allows for easy access, whilst the freestanding design offers maximum versatility over location

- Signage to identify shelter as cycle parking bay (see page 17)
- Optional vinyl signs can be added to the end panels for own branding or to identify the purpose of the structure (contact our sales team for further details)
- End panels supplied separately (see price grid)

SPECIFICATIONS

- Corrugated galvanised steel covers the roof and back sections
- Optional end panels are made from clear polycarbonate and UV stabilised, it will not turn yellow or brittle in sunlight
- Designed to be used with Sheffield Toast Racks for up to ten bikes, or comfortably fit large wheelie bins

CUSTOM OPTIONS

Available in one standard size. Alternatively, call for a price on a custom size option. Due to our modular design system, we can customise any shelter, walkway or canopy. Please contact our friendly sales team for a free quotation

INSTALLATION

Our shelters are easy to install and come supplied with full assembly drawings. Alternatively, we have a team of experienced installers who can carry out the work for you. Contact our friendly sales team for a price on 0800 1777 052

LANSDOWNE CYCLE COMPOUND

High quality cycle storage compound with optional extras

FEATURES & BENEFITS

- Fantastic design shelter, the overhang allows for bicycles to be kept in enclosed or open areas
- Perfect for larger quantities of cycles. Alternatively, substitute racks for motorcycle space
- If required, the structure can be supplied without cycle racks for use as a vending or ticket machine shelter

SPECIFICATIONS

- Steel structure hot dipped galvanised to ISO 1461 2009 and powder coated in your choice of standard RAL colour
- Sheffield toast racks are supplied galvanised and powder coated
- Robust 16mm triple wall polycarbonate roofing as standard
- 4mm UV stabilised polycarbonate is face-fixed to structure
- Aluminium guttering and rainwater pipes
- Door closer included as standard

Code	Capacity	H x L x W (mm)	Price Each
LNWC01	10 Racks / 20 Cycles	2500 x 4000 x 4500	£11,995
LNWC02	16 Racks / 32 Cycles	2500 x 6000 x 4500	£14,995
LNWC03	22 Racks / 44 Cycles	2500 x 8000 x 4500	£17,795

*note the prices above exclude delivery and are subject to location, please contact our sales team for a cost

OPTIONAL EXTRAS

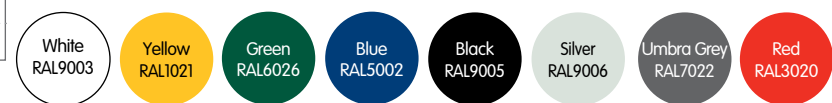

- Non-standard RAL colours to match your business colours
- Perch seats can be added for waiting shelters (see page 12), or recycled plastic furniture if using for outside dining (see pages 36-46)
- Signage to identify shelter as cycle parking compound (see page 17)
- Premium added features including solar lighting and keypad entry

INSTALLATION

Our shelters, walkways and canopies are easy to install and come supplied with full assembly instructions. Alternatively, we have a team of experienced installers who can carry out the work for you. Contact our friendly sales team for a price on 0800 1777 052

Optional Extras: Solar lighting and keypad entry

KIMMERIDGE CYCLE COMPOUND

Safe, secure storage for cycles and cycle accessories

FEATURES & BENEFITS

- Popular curved shelter. Modular design means that the structure can be easily extended
- Perfect for larger quantities of cycles. Alternatively, substitute racks for motorcycle space
- Choose from single or double sided variants, in a choice of three sizes to suit your cycle storage requirements

SPECIFICATIONS

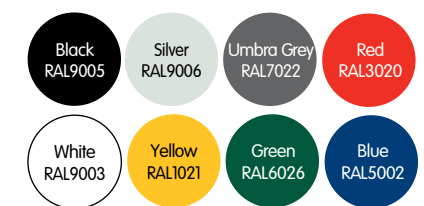

- Mild steel frame, galvanised and powder coated in your choice of standard RAL colour
- Clear polycarbonate glazing is UV stabilised, it will not turn yellow or brittle in sunlight
- Gate supplied with staple and hasp lock
- Sheffield toast racks are supplied galvanised and powder coated

OPTIONAL EXTRAS

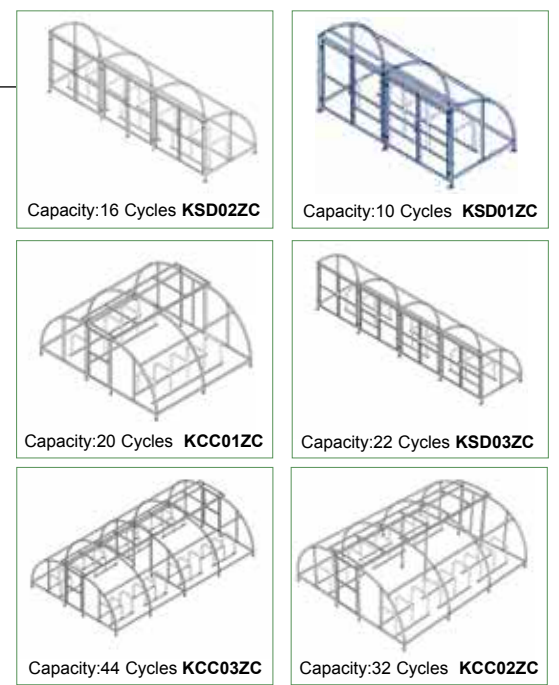

- Non-standard RAL colours to match your business colours and/or existing surroundings
- Alternative lock arrangements such as keypad or swipe card
- Signage to identify shelter as cycle parking compound (see page 17)

INSTALLATION

Our shelters, walkways and canopies are easy to install and come supplied with full assembly instructions. Alternatively, we have a team of experienced installers who can carry out the work for you. Contact our friendly sales team for a price on 0800 1777 052

JEWELL ACADEMY, BOURNEMOUTH

Project: Bespoke Wall Attached Winterbourne Shelter

Jewell Academy approached NBB Outdoors to provide an outside cover for a play area. Our team attended the school to discuss their requirements and expectations, and at this stage, it was decided a Wall Attached Winterbourne Shelter was the most suitable option. The finished project is a 13400mm wall attached walkway; Jewell Academy opted to have the shelter powder coated blue RAL5002 to match their school colour. Entrance Shelters and Walkways are ideal for covering outside space; they are multi-purpose, therefore whatever your requirement these shelters can be adapted to suit your needs.

See Page 26

BOURNEMOUTH UNIVERSITY, BOURNEMOUTH

Project: Bespoke Lansdowne Cycle Compound

Bournemouth University required a cycle compound for their new campus being built 2020-21. This structure would keep students' and staff bikes secure; it needed to include additional security features such as lighting and key card entry. Following their brief, we designed a structure that met their requirements and installed the shelter during the construction schedule.

Our cycle compounds are designed to store many bikes; they can also be adapted depending on your requirements. Furthermore, should you wish to use for another purpose, cycle racks can be substituted for outdoor machinery/ equipment or motorcycle storage.

See Page 19

KIMBOLTON PREPARATORY SCHOOL, HUNTINGDON

Project: Bespoke Free Standing Winterbourne Shelter

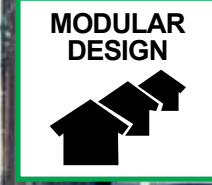

Kimbolton School is situated in Cambridgeshire, catering for approximately 1000 students, aged between 4 and 18 years old. They pride themselves in providing a caring, challenging environment in which all pupils are encouraged to fulfil their potential and are given opportunities to flourish in a wide variety of curricular and extra-curricular interests.

Over the past decade, the school have made many improvements to the facilities, including a new entrance building and library at the prep school, and a new Science and Maths Centre at the Senior School. NBB were contacted by SDC Builders on behalf of Kimbolton School. We were asked to supply shelters which would provide cover outside classrooms within the school. Our team proposed a detailed bespoke design which suited the modern look of the existing building.

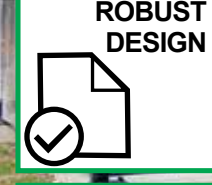

The installation took place during the school holidays so that there would be no disruption to the pupils during school hours. The finished structure is comprised of three separate Freestanding Winterbourne Shelters, which are joined to make a long walkway to fit in perfectly with the building. The school opted for Silver RAL9006 which is one of our standard colours, and the roof is made from triple wall 16mm polycarbonate for a light and airy feel. The finished shelter looks fantastic and as it is covered by the 25 years life-maintained guarantee, it will continue to serve the school for many years to come!

BIN STORES

Aesthetically pleasing and durable bin storage solution

FEATURES & BENEFITS

- Secure freestanding structure designed to house wheelie bins or recycling units. Available to purchase in three different sizes
- Manufactured from 100% recycled plastic cladding and galvanised steel, this durable structure will last for many years without the need for annual maintenance
- Creates an aesthetically pleasing bin storage area, whilst also deterring vandals. Added signage makes it practical for distinguishing recycling purposes

SPECIFICATIONS

- Steelwork is galvanised as standard to protect against corrosion
- Lockable half open gates make it possible to securely lock away bins, whilst providing easy access for the disposal of waste
- Roofing is manufactured from galvanised corrugated metal
- 100% recycled plastic cladding will never rot, crack, splinter or corrode. Supplied in a choice of brown or grey
- Suits commercial bins of up to 1100 litre capacity (H1210mm x L1410mm x D110mm)

OPTIONAL EXTRAS

- Signs are available to distinguish recycling purposes (see price grid below)
- Option to powder coat frame, contact our sales team for a price

FAF03	90 x 300	1.00	£210.00

CABLE MAT

Prevent accidents caused by loose cables

FEATURES & BENEFITS

- Avoid unnecessary trips and falls caused by loose leads and cables within your office or classroom with cable cover matting
- Cable mats hide and tidy unsightly electrical leads over a carpeted area
- Specially designed recess ensures cables are held securely and safely beneath the mat
- High-visibility chevrons highlight the potential hazard
- The 100% nitrile rubber backing prevents the mat from moving

Code	Size (cm)	Price Each
CABM	40 x 121	£29.00

AQUASORB MAT

An effective barrier against dirt and moisture entering your premises

FEATURES & BENEFITS

- Tough, long lasting mat with raised waffle design which removes dirt and moisture - can hold up to 6 litres per square metre
- Decalon fibres bonded to tough rubber base
- Gripped backing minimises movement on all surfaces and raises mat off the floor to allow drying underneath when newly mopped
- Extremely tough solid rubber borders - ideal for high-traffic areas

One of our latest bespoke shelter installations at Poole High School, a two-tiered Freestanding Winterbourne Walkway Shelter providing an all-weather outdoor recreation area.

The finished project takes the form of a 12.8m x 11.75m steel tube shelter with guttering, galvanised and powder coated to complement the school colours. This surface treatment means the structure will be guaranteed to last 25 years, serving the school for many years to come.

Can't find what you're looking for? Our expert team can help. From design to installation, styles, configurations and finishes, your shelter can be perfectly tailored to your exact requirements.
