# NBB Recycled Furniture

## Welcome to the Spring NBB Recycled Furniture Catalogue

As one of the UK's leading manufacturers of **100% recycled plastic outdoor furniture**, NBB has an **unrivalled range of over 1,000 products**. We offer our furniture at competitive prices, and with **market leading product guarantees of up to 25 years!** Furthermore, we are delighted to announce that we are now a member of the **Made in Britain** organisation and hold accredited status. Most of our products are manufactured at our workshop in Poole, Dorset, and we're delighted to say that sales of **our products have recycled over 33 million milk bottles to date.**

The current pandemic makes fully utilising your outside space around school even more crucial; outdoor areas are typically lower risk and can provide a more practical way to organise social distancing whilst creating break and waiting areas for pupils and staff. Recycled plastic outdoor furniture is the perfect choice, both practically and aesthetically, as the material looks like timber but can last outside all year round without the need for annual maintenance. It is **extremely hard wearing**, and the non-porous properties make it **easy to clean between uses**. Not only does it look great, with a wide range of colours available, it also has helped many of our customers achieve their environmental goals.

Inside our latest catalogue, you will find our popular ranges available on bulk deals, including our **Junior Picnic Tables** which are available to purchase for as little as £315 per table (see page 6). You will also find our **Junior Backless Benches** on page 23, available for as little as £90 each making these benches fantastic value for money.

**P.S.** Don't forget, we offer **free delivery** on all orders with a UK mainland address\* and **30 day instant credit** to established businesses and educational establishments. Order now and get your areas outdoor ready for Summer!

## WHY CHOOSE NBB

# UTILISE OUTDOOR SPACE AROUND YOUR SCHOOL

The current pandemic has meant that for almost a year, educational establishments have had to take unprecedented actions to **remain open to pupils**. With this in mind, social distancing guidelines are likely to remain in place for the foreseeable future, which can be a challenge where **inside space is limited**.

**Outdoor areas are lower risk** and provide the best spaces to **practise social distancing**. Make the most of your outside spaces with **maintenance-free** furniture made from **100% recycled plastic**. Our products are guaranteed **never to rot** or **splinter**, and the **non-porous material** can be **wiped clean** between uses making it **extremely hygienic**.

## Spare Parts

Recycled plastic is **very strong** and the non-porous properties of the material mean that it is **guaranteed to last for many years**. Another fantastic characteristic of using plastic is that parts of the furniture can be **easily replaced** should they become damaged; the new planks will not look out of place against the existing furniture.
